

## RDT 19/24 DRAWBAR TRAILERS

*Our volume-optimised drawbar trailers are generally developed and produced according to customer specifications for use in urban distribution transport. Narrow roads and limited unloading options are no problem for our manoeuvrable vehicles.*

- Payload-optimized aluminium design
- Compact dimensions, low centre of gravity, short wheelbase
- Galvanized steel or full aluminium constructed turntable frame
- Axles and brake system from all well-know manufacturers
- Clear and ergonomic design of the controls
- Long service life, high profitability and cost-effectiveness
- Easy to maintain and repair

## Technical data

### Empty weight

RDT 19 from 2,900 kg\*

RDT 24 from 3,900 kg\*

### Tank material/shape

Aluminium EN AW 5186-H111

box-shaped or cylindrical/  
elliptical

### Volume

RDT 19 19,000 l

RDT 24 24,000 l

### Number of compartments

3

\*empty weight according to DIN 70020

**RDT 19**

**RDT 24**

# RDT 24 DRAWBAR TRAILERS

## Standard equipment:

### Tank

Tank shape	box-shaped or cylindrical/elliptical
Tank code	LGBF

### Filling/discharge equipment

Manhole cover	Ø 500 mm
Filling port	Ø 300 mm
Vent valve	One pneumatic control system per compartment
Dipstick mechanism	1x per compartment, mechanical with high fill mark
Drain valve	1 NW100 bottom valve per compartment; pneumatic control system
Vapour recovery system	VOC-compliant
Suction hose	LTW 75 with DDC-M 65-3" Al

### Chassis/frame

Turntable frame	Galvanized steel turntable frame
Rear axle frame	Aluminium, hollow profile
Lightweight-package	Air reservoir and EC-conform bumper (aluminium design)

### Chassis

Axles	9 t
Air suspension	conventional
Brake system	EBS + RSS
Rims	Steel 11.75 x 22.5 hub centric
Tires	385/65 R 22.5

### Electrical system

Design	24 V 15-pin AMP
--------	-----------------

### Equipment

Drawbar	low-maintenance
Slewing ring	low-maintenance
Mudguard	PVC with anti-spray mudflap
Chocks	2x
Fire extinguisher	1x 6 kg
Miscellaneous	EC-conform side underrun device
	Personal protective equipment
	Marking and labelling according to ADR requirements

Other equipment upon request

## Optional equipment (examples):

- Bottom loading
- RETD emergency drainage
- Full Aluminium constructed turntable frame
- ECAS
- Wabco SmartBoard™
- Aluminium rims
- Fitting cabinet over the entire vehicle width
- Measuring system including calibration according to national and international regulations (MID)
- Electro-optical tank volume display
- Work lights/ perimeter illumination
- high mounted rear lights with adaptive brake light function
- Rear-view camera

We at ROHR Spezialfahrzeuge work every day towards our most important goal: consistent, sustainable added value for our customers. We develop and produce our special vehicles according to the individual wishes of our customers and the high standards that distinguish our company. The competent support provided by our international sales and service network guarantees a high degree of customer satisfaction. Our efficient service centre guarantees flexible, intensive support and ensures the supply of spare and wear parts throughout the entire life cycle of our vehicles.
